Four hundred red blooded Americans will perform the patriotic duty of taking subscriptions to the Fourth Liberty Loan. These people will be working for the very people from whom they are soliciting, because they are working for this government, and all the people go to make up the government. For this reason these men should be treated with every respect and consideration and the people should, beforehand, have their minds made up and take as little of the solicitor's time as possible, by being ready to give their subscriptions promptly and freely.

Dr. and Mrs. David J. Hunterson received word Saturday of the death of their son, Roy David Hunterson, who died September 2, from wounds received in action in France.

The message from the war department telling of the young man's death was received Saturday evening and read, "We deeply regret to inform you that it is officially reported Private Roy David Hunterson, infantry, died Sept. 2, from wounds received in action."

"HARRIS, Adjutant General."

The young man was 21 years old last December and was the only son of Dr. and Mrs. Hunterson. He enlisted, trained at Camp Funston, Kan., and left for France about June 15.

The last message received from him was not long ago when he sent his two little sisters each a fancy silk handkerchief from France and at the time these gifts left France everything was well with him and no further word was received until the message Saturday night.

PILES OF CLOTHING

RED CROSS IS SWAMPED IN RESPONSE TO APPEAL

SORTING AND PACKING

Small Army of Workers Busy Getting It Ready to Be Shipped Overseas for the Refugees.

With the allotment to furnish 2,000 pounds of old clothes for the refugees in Belgium and other war-swept countries, Nodaway county has gone several thousand pounds better than the goal and more than four tons of new and cast off clothing and garments were received at the Red Cross packing rooms.

It looked like a wholesale dry goods house at the Red Cross headquarters Saturday and today. There were small mountains of women's cloaks, another one just like it of men's coats, a similar sized stack of children's clothing and piles of everything else in the way of clothing, quilts, materials of all kinds sent in answer to the appeal for used clothing for the French and Belgian war refugees.

The supplies are being packed and there is an army of workers busy sorting and packing it all in boxes ready for shipment.

This was one great appeal where fashion or money held no precedence. All the supplies collected were of good warm, practical clothing or goods which the women of those countries can make into garments suitable for the place and family needs. The township branch auxiliaries all over the county came in with hundreds of pounds of clothing. Everything in the household which could possibly be spared was added to the lot. Women who had treasured garments belonging to members of the family departed brought those because of the great need of the other people and made their sacrifice cheerfully.

The Boy Scouts worked all day Saturday gathering up packages which were overlooked in the previous collection or were not ready. They also worked at the headquarters doing all they could to help the women.

HERBERT DECLINES TO RUN

St. Joseph Man Will Not Accept the Republican Nomination for Representative in Congress.

Ewing Herbert of St. Joseph will not be a candidate for congress, and so notified the Republican committee. Mr. Herbert said: "I very much appreciate the honor done me by the committee in considering me for the nomination, and would gladly have accepted the nomination and done my best to win the election, had I been able to arrange my business affairs so as to permit my doing so. This, however, was impossible."

The Republican committee has no one at present to fill the place and it is necessary to name the man and file his name at Jefferson City by Wednesday, as a candidate, in order to make the nomination legal.

AS WASHINGTON VIEWS ACT

Official and Diplomatic Critics Declare It Fitting Climax to "Most Amazing" Week of the War.—Plenty of Hard Fighting in Sight Yet, However.

Saloniki, Sept. 30.—An armistice has been signed on the Balkan battle front, it was officially announced today. Representatives of the Bulgarian government and army signed in behalf of Bulgaria while the French commander in chief of the allied forces in Macedonia, signed for the allies.

Bulgaria accepted all terms demanded by the allies, chief of these terms being that all invaded territory be given up.

Bulgaria is the first nation to break away from the German alliance. By the collapse of this country, the way is opened to put Turkey out of the fighting very quickly, for another term of the armistice was that Bulgaria do nothing to interfere with further allied military operations in the Balkans. The Allies can soon strike at the heart of Austria as well as Constantinople.

London, Sept. 30.—It was learned today that Mackensen has reached Sofia with German reinforcements for the hard pressed Bulgarians. It is reported the Serbs and Rumanians have revolted against the German armies of occupation in Serbia and Rumania. Tsaravoselo has been captured by the Serbians with seven hundred prisoners.

Washington, Sept. 30. — Bulgaria's defection means the beginning of the end for the Central Powers in the opinion of official and diplomatic circles here. The news that Bulgaria has agreed to all the terms of the armistice as demanded by the French, was a fitting climax to the most amazing week of the war. There is plenty of hard fighting yet, but the spirit will be on thesi de of the Allies. Official confirmation of the armistice reached here at 11:30 this morning. It was understood the dispatch stated that Bulgaria had acceded to every single condition made as a preliminary to peace.

Washington, Sept. 30.—Speaking as commander in chief of the army and navy President Wilson today demanded that the senate pass the suffrage amendment as a "war measure." London, Sept. 30.—The Americans fighting with the English and Australians on the Cambrai-St. Quentin front have gained more ground despite strong opposition.

Paris, Sept. 30.—Two violent counter attacks by the Germans south of St. Quentin in an effort to prevent the encircling of the city on the southeast reported by the French war office. The attacks were renewed this morning in the Champagne sector where a big battle is in progress.

London, Sept. 30.—TheBelgians and British in Belgium have advanced to a maximum depth of eight miles in their new drive started Saturday, it is learned this afternoon. The Allied forces have advanced on an average of five miles over a twenty-five mile front and are seriously threatening the whole system of German communications.

In Flanders the Americans and British have smashed the whole Hindenburg line south of Cambrai, having advanced two miles over an eight mile front. The line has been broken where it curved from the north above St. Quentin and the fall of Cambrai is imminent. (Cambrai in the north of France, is an importnat railway center and before the war had a population of over 26,000. It is about twenty miles from the Belgian frontier).

BAPTISTS TO CALL PASTOR

The First Baptist church expects to extend a call to the Rev. W. C. Ferguson of Liberty, Mo., to fill the pastorate of the Maryville church which has been vacant since the resignation of the Rev. T. H. Wiles, who gave up his work last May to enter military service as chaplain.

No official action was taken at the meeting of the church yesterday or will be until Wednesday night when a board meeting is to be called and at this time it is expected to extend a unanimous call to Mr. Ferguson.

The Rev. Mr. Ferguson is one of the most able young men of the Baptist denomination and is no stranger to the Maryville congregation. For some time past he has been teaching in the William Jewell Baptist Theological college at Liberty. He preached at both morning and evening services yesterday to a big audience. "HIS TREATMENT IS REMARKABLE" HE SAYS

Capt. F. S. Patty, Ex-Passenger Agent Northern Pacific, Discusses Former Troubles.

Nearly everybody in Nashville, Tenn. especially railroad people, know Captain F. S. Patty, for twelve years district passenger agent for the Northern Pacific railroad, with local offices in Chattanooga and general offices in St. Paul, Minn.

On account of generally failing health, Capt. Patty was forced to discontinue active work and for the past few years has been making his home in Knoxville, where he numbers his friends by his acquaintances. He is a kind, genial gentleman of the old school and is beloved by all who know him. The following interesting statement was made by him in person to the Tanlac representative:

"I am 69 years old and always enjoyed good health up to about six years ago, when I suffered a nervous breakdown and my general health gradually failed me. My principal trouble was indigestion and catarrh, but my whole system seemed to be out of shape. My hearing and vision were also affected. I consulted several doctors here in Knoxville and other cities and they helped me considerably and I finally got so I could go around but somehow I just couldn't feel right and could not sleep at night, which made me awfully nervous and nothing I would eat seemed to agree with me.

"I began reading about this Tanlac when you first came here, but did not decide to try the medicine until I talked with a friend of mine who had actually used it. He said it was the best thing he had ever taken, and that was sufficient proof for me.

"I have just finished the first bottle and came here this morning, not only to buy the second bottle, but to tell you just what it has done for me. I began enjoying my meals from the first few drops. My nervousness is gone and I can sleep like a child and always wake up in the morning ready for breakfast and feeling refreshed. I am very fond of onions but was almost afraid to eat them, because they always disagreed with me so; I could taste them for hours afterwards. I ate one for dinner the other day and it agreed with me perfectly and I felt no bad effects whatsoever. I tell you I am beginning to feel like a different man and am always going to keep this Tanlac on hand. It has done me more good than anything else in the medicine line I have ever taken. I certainly do recommend it to my friends. It is really remarkable."

Tanlac is sold in Maryville by the Koch Pharmacy. Adv.

BUYING LIBERTY BONDS is not only patriotic—its thrifty. It is a method of putting away a few dollars where it will be safe and where it will bring in interest without taxation.

But to buy Liberty Bonds you must be able to SAVE MONEY, and the best way to save it is to buy right and buy when you are sure of getting good values.

There never was a time when we could sell better furniture—our stock is of the best qualities we can buy, at the price we are asking every piece is a real bargain, because it will last a lifetime, give the very best of service, keep its good looks and not cost you nearly as much in the long run as cheap furniture.

Then, again, we bought most of our goods before prices advanced much, and will not find much advance throughout our entire stock over the old prices you have always paid. Perhaps you are making more money than you use to—if that is so you can afford furniture now better than you ever could, and you will have money left to buy bonds as often as Uncle Sam wants you to.

The Enemy Is Watching

By **NEWTON D. BAKER,** *Secretary of War*

The supreme moments of our struggle with Germany have now come.

We have carried our first armies across three thousand miles of ocean and joined the issue of battle with the military power of a nation that has been for forty years preparing its plans and its weapons for its present attempt to dominate the world. We have had to put forth an immense effort and spend a fabulous sum in order to make, in so short a time, an adequate beginning for our gigantic task.

But it is only our beginning. We must follow it with greater energy and support it with increasing power. Men, munitions, ships and supplies must go to Europe in a larger and larger stream. We must redouble our blows and add constantly to the strength of those blows, if our initial effort is not to be wasted.

This Means That Our Fourth Liberty Loan Must Be Larger Than Its Predecessors, More Enthusiastically Supported and More Quickly Than Ever Subscribed

The enemy is watching anxiously for the first sign that we are faltering.

Our Government Loans should go "over the top" as eagerly as our soldiers do, in order to carry with them the terror of furious attack. Our dollars must rain upon the enemy as overwhelmingly as our hail of bullets or our storm of shells.

We are fighting for the liberty of the world, for the triumph of our ideals of democracy and self-government over the last great advocate of force upholding injustice. We are buying with our Liberty Loans the security and joy of our people for generations to come. No price could be too high to pay for such a victory—no cost too great for such a purchase.

Attest: J. ARTHUR WRAY,

MRS. R. B. GEX AT HOSPITAL

Will Undergo Operation This Week.—Family Leaves for Kirksville.

Mrs. B. R. Gex is at the Still Osteopathic sanitarium at Kirksville, where she expects to undergo a major operation the first of the week. All of the family living here are with Mrs. Gex at Kirksville. Mr. Gex and one daughter, Mrs. John Wilson, left Saturday night and the other children, Mrs. Will Mountjoy, Mrs. Hal Catterson, John and Will Gex left in their cars yesterday.

Mr. and Mrs. Gex, Sr., were called to St. Charles, Mo., about ten days ago by the illness of their daughter, Bettie, a student at Lindenwood, and she was taken to Kirksville where she underwent an operation for appendicitis.

American women are right behind the American troops in the trenches. Women nurses are now installed in hospitals 5 miles in the rear of the actual fighting line.

Many of our American women are unable to take up the duties of nursing at the front, but they should know how to take care of their own at home, and for this purpose no better book was ever printed than the Medical Adviser—a book containing 1,008 pages, and bound in cloth, with chapters on First Aid, Bandaging and care of Fractures, Taking care of the Sick, Physiology, Hygiene, Sex Problems, Mother and Babe, which can be had at most drug stores, or send 50 cents to the publishers, 663 Main St., Buffalo, N. Y.

The women at home, who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription. Send 10c. to Invalids' Hotel, Buffalo, N. Y., for trial package.

Brimley, Mo.—"A few years ago I took Dr. Pierce's Favorite Prescription which has been a great benefit to me. I am in excellent health now. I hope that all women who are troubled with women's ills will try this medicine and be benefited as I have been. I think it is the best medicine that is made; it has done more for me than any I ever took. I am not able to tell all the many kinds of medicines I have taken with no benefit. Dr. Pierce's remedies are a God-send to humanity."—Mrs. Deema Robinett.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment today. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.
